## Parent Response

*(Please complete and return with your Application for Admission)*

How did you hear the school(s) you are applying to?

What are your goals for your son/daughter over the next three or four years?

What do you expect the school(s) you are applying to do for your child?

Should you decide to have your child enrol in a school, are there any special physical or academic accommodations that your child would need? (i.e. administer prescribed medications, modified workload, etc.)

Please describe your son or daughter.

Has your son or daughter had any disciplinary difficulty at school or at home? If yes, please explain.
